Trend

September 2024

Demand yield began the month at just under 2.124% and remained stable during the first half of M09. It reached its lowest point in the middle of the month at 2.120%. In the latter half, it rose sharply, peaking at 2.147% before declining to finish at 2.141%. Demand remains below expectations, prompting the Trade Desk to seek additional funding from institutional investors. The new Exchange Traded Securities (ETS) are anticipated to fulfill the market's demand for regulated products while still providing solid competitive returns. The total RSA recorded for M09 was EUR 43.63m

† Investment quality is a combination of Investment Grade [IG] organisations & other credit worthy organisations, as determined by AIG and other credit rating providers, from time to time.
